SUMMARY

Product Designer with focus on design systems, accessibility, and learning experiences. I combine user research, interaction design, and AI to create intuitive products that deliver results. I hold a Master's degree in Usability, Interaction Design and User Experience.

EXPERIENCE

EAE Business School

Barcelona
Sep 2024 – Present

User Experience Designer

- Raised accessibility compliance from 8% to 95% by defining and rolling out WCAG-aligned standards.
- Built and maintained a shared design system used across multiple course modules and programs.
- Redesigned key course modules, lifting average student satisfaction from 4.1 to 4.5.

Viscata

Barcelona
Sep 2023 – Aug 2024

User Experience Designer

- Redesigned key flows based on usability research, increasing mobile conversion by 18%.
- Delivered a refreshed UI system that sped up task completion and cut checkout drop-off by 10%.

Engso Youth

Barcelona
Sep 2022 – Aug 2023

Visual Designer

- Designed print and digital materials, including posters, flyers, and graphics, for events and campaigns.
- Kept a consistent visual identity across all formats.
